Organic Clients Communication CC05.2008
Subject: Control Union Certifications Logo Use

Dear Clients:

We would like to kindly remind you about the requirements to use the different Control Union Certifications logos (Annex H: Publication and certification logo use conditions – Inspection regulation, Control Union Certifications).

It is important to clarify that, the licensee can use the certification logos in letterheads, brochures and other promotion material, but it is not allowed to use the logos on products, wrappers, samples or any other declaration that involves a product.

Nevertheless, the licensee can request the Control Union logos to any of our offices, considering that their specific use must always be approved by the Certifying Agency.

Attached you will find Control Union Inspection Regulation document for a better understanding.

If you have further questions, please do not hesitate in contacting us.

Regards,

Control Union Certifications
Certifications Department.
